Federico Roscioli

PhD Candidate in Economics and Finance, University of Rome Tor Vergata
federico.roscioli@gmail.com · www.federicoroscioli.com

Research Interests

Development economics, environmental economics, poverty and inequality, food security, measurement of sustainable development (composite indicators, multivariate and latent variable models), political economy.

Education

PhD in Economics and Finance 2022–2026
University of Rome Tor Vergata
Thesis: *Three Essays on Sustainable Development: Land Use, Measurement and Policy Coordination* (submitted; defence pending)
Supervisors: Prof. Alessio D'Amato, Prof. Daniele Malerba

MSc in Economics and Development 2019–2022
University of Florence
Thesis: *A critical assessment of Multi-Sector Needs Assessment as a tool for food security monitoring. The case of Palestine*
Supervisor: Prof. Donato Romano

MSc in Human Development and Food Security, summa cum laude 2017–2018
University of Roma Tre
Thesis: *Impact evaluation of Programa Huertas en Centros Educativos, Montevideo (Uruguay)*
Supervisors: Prof. Francesco Burchi, Prof. Daniele Malerba

BSc in International Cooperation and Development 2013–2017
Sapienza University of Rome
Thesis: *Food security. Case study: beekeeping in rural areas of Mexico (Heifer International)*
Supervisor: Prof. Giuliana Vinci

Publications

- **Roscioli, F.**, Malerba, D., & Farcomeni, A. (2025). Measuring sustainable development progress in Peru using multivariate latent Markov models. *Sustainable Development*.
- Carbone, A. S., **Roscioli, F.**, & Mazziotta, M. (2025). Urban household food insecurity and pediatric malnutrition: evidence from the Divina Providencia Hospital in Luanda, Angola. *Frontiers in Public Health*, 13, 1604713.
- Malerba, D., **Roscioli, F.**, Gaentzsch, A., & Ward, H. (2024). Changing carbon footprints and the consequent impacts of carbon taxes and cash transfers on poverty and inequality across years: A Peruvian case study. *Energy Policy*, 192.
- Burchi, F., & **Roscioli, F.** (2022). Can integrated social protection programmes affect social cohesion? Mixed-methods evidence from Malawi. *The European Journal of Development Research*, 1–24.
- Atkinson, R. J., Thomas, E., **Roscioli, F.**, et al. (2021). Seeding resilient restoration: An indicator system for the analysis of tree seed systems. *Diversity*, 13, 367.
- **Roscioli, F.**, Malerba, D., & Burchi, F. (2020). Introducing agroecology in primary schools: an independent impact evaluation in Uruguay. *Agroecology and Sustainable Food Systems*, 1–34.
- Vinci, G., Rapa, M., & **Roscioli, F.** (2018). Sustainable development in rural areas of Mexico through beekeeping. *International Journal of Science and Engineering Invention*.

Work in Progress

- **Roscioli, F.** The impact of internal colonisation on land condition in Uruguay.
- **Roscioli, F.**, Malerba, D., Pitari, J., & D'Amato, A. Greener on the other side: Environmental policy diffusion through U.S. economic regions.
- Guzzardi, D., Morelli, S., Ranaldi, M., & **Roscioli, F.** A distributional emissions account for Italy: Carbon footprints by consumption, income, and wealth.

Software

- Fusco, E., Alaimo, L., Giovagnoli, C., Patelli, L., & **Roscioli, F.** (2023). Adjusted Mazziotta–Pareto Index (AMPI) method in the `Compind` R package.

Research and Professional Experience

Trainee, European Commission – Joint Research Centre (JRC), Ispra, Italy Apr–Aug 2026
Unit S.3, Competence Centre on Composite Indicators and Scoreboards (CC-COIN). Drafted guidelines on composite indicators and policy briefs and reports on composite-indicator methods, poverty, beyond-GDP measurement, renewable energy, nature credits and mental health in the EU.

Guest Researcher, German Institute of Development and Sustainability (IDOS), Bonn Nov–Dec 2025
Research on the determinants of environmental policies across US states.

Research Fellow, Fondazione Tor Vergata, Rome Mar 2024–Jun 2025
SAM impact analysis and CGE modelling (GTAP 11, GAMS): cost of inaction on blue and green water; impact of AI on the tourism sector in the G7 countries.

Consultant Statistician, World Bank, Rome Apr–Sep 2023
Aggregate indicator combining FAO's Food Loss Index and UNEP's Food Waste Index, Data Production and Methods Division.

Consultant Economist, Alliance of Bioversity International and CIAT, Rome Mar–Oct 2022
Cocoa of Excellence Programme (FAO-funded study): country profiles and report on the global cocoa value chain, focusing on Peru, Indonesia and Ghana.

Research Assistant to Prof. Salvatore Morelli, University of Roma Tre Feb–Jun 2022
Analysis of household budget survey and administrative microdata to estimate the distribution of CO_2 emissions across individuals and households, for the distributional emissions account for Italy (with D. Guzzardi, S. Morelli and M. Ranaldi; see Work in Progress).

Consultant Statistician, FAO, Rome Sep–Dec 2021
Feasibility study for a composite indicator of FAO's Food Loss Index and UNEP's Food Waste Index, Statistics Division (ESS).

Consultant Economist, Alliance of Bioversity International and CIAT, Rome Apr–Jun 2021
Statistical model of the costs and benefits of forest landscape restoration with quality planting material.

Consultant Economist, IDOS, Bonn Apr–May 2021
Analysis and drafting of the study on carbon taxes, cash transfers, poverty and inequality in Peru (published in *Energy Policy*).

Consultant Economist, Alliance of Bioversity International and CIAT, Rome Aug–Dec 2020

Socioeconomic study of cocoa and cadmium in Peru: producer typologies, interviews with producers, business canvases with two cooperatives.

Consultant Economist, Alliance of Bioversity International and CIAT, Lima, Peru Oct 2019–Jul 2020
Indicator system for tree seed systems (published in *Diversity*); cost–benefit framework for forest landscape restoration in Peru.

Consultant Economist, IDOS, Malawi Aug–Nov 2019
Qualitative assessment of the social cohesion component of the TEEP programme: design and coordination of focus groups and interviews with savings and loan groups.

Guest Researcher, IDOS, Bonn Feb–Mar 2019
Drafting of the impact evaluation of agroecology in Uruguayan primary schools (published in *Agroecology and Sustainable Food Systems*).

Guest Researcher, Universidad de la República (UDELAR), Montevideo, Uruguay Aug–Sep 2018
Data collection and analysis for the impact assessment of Programa Huertas en Centros Educativos.

Consultant Economist, Oxfam Italy, Rome May–Dec 2018
Desk research and drafting of the report *Maturi per il cambiamento* on illegal hiring in agriculture and supermarket supply chains.

Freelance Photojournalist 2013–2018
The Washington Post, Heifer International, Under the Same Sun, Tulime Onlus.

Teaching

University of Rome Tor Vergata – Teaching Assistant

Microeconomics (undergraduate)	2023/24
Environmental Economics and Policy (graduate)	2023/24
Big Data Analysis for Economics and Finance (graduate)	2023/24

University of Roma Tre

Research Methods (graduate), Course Coordinator	2020/21–2022/23
Research Methods (graduate), Lecturer	2018/19–2021/22
R for Multivariate Analysis (graduate), Lecturer	2020/21–2021/22
Computer Science (undergraduate), Adjunct Lecturer	2021/22

Conference and Seminar Presentations

XIV IAERE Annual Conference, University of Trento, Italy	2026
5th Development Economists Meeting (DevEconMeet), University of Florence, Italy	2025
14th Summer School in Development Economics (SITES), Prato, Italy	2025
XI Conference of the Spanish-Portuguese Association of Natural and Environmental Resource Economics (AERNA), Lisbon, Portugal	2024
XII IAERE Annual Conference, Pescara, Italy	2024
2nd Rome PhD in Economics and Finance Conference, University of Rome Tor Vergata, Italy	2023
Workshop on "Climate Change and Innovation for Sustainable Agrifood Systems", University of Palermo, IFAD and FAO, Italy	2023
XI IAERE Annual Conference, University of Naples, Italy	2023
VIII Latin American Congress of Agroecology (SOCLA), Universidad de la República, Montevideo, Uruguay	2020

Refereeing

World Development; *Poverty & Public Policy*; *Rivista Italiana di Economia Demografia e Statistica* (RIEDS).

Grants, Awards and Service

PhD Scholarship (38th cycle), University of Rome Tor Vergata	2022–2026
Elected PhD student representative, University of Rome Tor Vergata	2022–2025
IFAD grant, Workshop on "Climate Change and Innovation for Sustainable Agri-Food Production"	2023
Post-Master Scholarship, Human Development and Food Security, University of Roma Tre	2017–2018

Additional Training

Applied Global CGE Modelling using GAMS, cgemod (S. McDonald), online	2025
Applied Single-Country CGE Modelling using GAMS, cgemod (S. McDonald), online	2024
Summer School: Geospatial Tools for Development: Data and Inference, Barcelona School of Economics	2024
School on Economics and Policy of Trade and Climate Change, European University Institute, Florence	2023
Summer School: Randomized Controlled Trials in Development Economics, Barcelona School of Economics	2021
Summer School: Complex Network Analysis – Tools for Economic Development, Barcelona School of Economics	2021
Sustainable Territorial Valorization of Cultural Heritage, Origin Products and Biodiversity, University of Florence	2020
Data Science Specialization, Johns Hopkins University (Coursera)	2019–2021
Master in Photojournalism, Istituto Superiore di Fotografia e Comunicazione, Rome	2012–2013
Master in Advertising Graphics and Web Design, PC Academy, Rome	2007–2008

Skills

Programming and analysis: R, Stata, Python, MATLAB, GAMS, QGIS; AI-assisted coding (Claude Code)

Typesetting and communication: LaTeX, Microsoft Office, Adobe Suite, Final Cut Pro, WordPress

Languages: Italian (native), English (C2), Spanish (C2), French (B2; written A2), Portuguese (B1; reading B2)

Research stays abroad: Peru (6 months), Germany (3 months), Mexico (3 months), Uruguay (2 months), Tanzania (1 month), Malawi (2 weeks)
